Lions of 17K3,  
May 5, 2007

**This letter is for your information -**

A volunteer group of Lions from all over our great state is planning a community feed for the town of Greensburg this Thursday, May 7, 2007, with the meal being served at 5:00 p.m. Following the meal, the citizens of Greensburg will hold a "Town Hall" type of community information meeting with community leaders.

This project has been an outcome of the Kansas Lions meeting with IP Ross at State Convention this past week. IP Ross toured the devastation and made some suggestions to CC Anne and others that have culminated in this project. Greensburg leaders invited CC Anne to provide this service on Thursday... and the project fell quickly into place.

The actual work of planning, preparing, cooking, and serving the hamburger meal is being handled by this benevolent group of dedicated Lions who will be coming into town early Thursday to start preparing to serve the meal.

We understand that many of you K3 Lions would like to assist in some way. But, please understand, we must avoid a large number of Lions coming to Greensburg as this would cause a crunch of the services being provided to the people of Greensburg. There may/will be additional opportunities for our K3 club members to serve future needs of the fine people of Greensburg... and you will be notified as those opportunities come up. But for now... I want you to just be aware of this great service being given in the spirit of Lionism.

Respectfully,

Denny D. Smith  
DG 17K3
